

**Academic Year 2026**

**Graduate School of Science  
Hokkaido University**

**Master's Course**

(Former Period of Doctoral Program)

**Winter Selection**

**Guidelines for Application for the  
Entrance Examination**

For enrollment in April 2026 or October 2026

**(Admission for General Category)**

**November 2025**

### Notes

Applicants for general category must submit a certificate for English language proficiency (the original score sheet of either TOEFL or TOEIC). See page 5 for details.

It is recommended that you check the examination schedules for the TOEFL and TOEIC to ensure that your score sheet can be submitted on time during the application period.

Applicants who have already submitted a score sheet for the summer admission (August 7 & 8, 2025) or autumn admission (November 5 & 6, 2025) may apply for exemption from submitting a score sheet (or may submit a new score sheet). Applicants must tick the box 'Exemption from score sheet submission' on the application form.

## Extension of the Enrollment Duration

### 1. Aims

When students are under special circumstances, such as having a job, childcare, and nursing care, etc., they may request an extension of their enrollment duration beyond the standard two-year duration (hereinafter referred to as the "Extension of the Enrollment Duration"). The graduate school may approve such requests after reviewing their applications on an individual basis.

### 2. Intended Students

Students who fall under one of the criteria below and, for that reason, wish to set the enrollment duration longer than the standard duration to complete an academic (research) course:

- (1) Have a full-time job in a government office or a private company (excluding those who are exempt from job duty but receive a salary), or work as self-employed, etc.;
- (2) Have a part-time job that has a significant influence on the full-time academic work;
- (3) Are taking care of their children or family members, which has a significant influence on the full-time academic work; or
- (4) Are visually impaired, hearing impaired, physically handicapped, etc., which are deemed to have a significant influence on the academic work for an extended period of time.

### 3. Maximum Enrollment Duration

The maximum duration of the Extension of the Enrollment Duration shall not exceed four years for the master's degree program, and students can apply for an extension by year. For Students who have been approved for an Extension of the Enrollment Duration, the maximum duration of enrollment is the approved extension duration plus an additional two years.

Students may take temporary leave of absence from school for up to two years, the same as students under the standard duration of study.

### 4. Application Procedure

#### (1) Application Period

As a general rule, application documents for the Extension of the Enrollment Duration should be submitted at the time of application for the entrance examination.

#### (2) Required Documents

To apply for the Extension of the Enrollment Duration, please contact the Graduate School Educational Affairs Section in the Science and Life Science Administration Department and request the required forms/documents ahead of time.

- ① Application Form for Extension of the Enrollment Duration (Form 1).
- ② Research Plan Under Extension of the Enrollment Duration (Form 2).
- ③ Documents to prove that an applicant needs to apply for the Extension of the Enrollment Duration

#### (3) Announcement of Results

The Graduate School of Science reviews each application individually and will notify the results only to the successful applicants who passed the entrance examination.

### 5. Reducing or Extending the Extension of the Enrollment Duration

When deemed necessary, the Graduate School of Science may approve a reduction or extension of the Extension of the Enrollment Duration only once during the period of a course. However, the maximum reduction of the extended duration of enrollment is the standard duration of study (two years) plus an additional year.

For more details about the Extension of Enrollment Duration, please refer to the guide of “理学院在学者用” after enrollment.

### 6. Annual Tuition Fee

The tuition fee for students granted the Extension of Enrollment Duration will be calculated by multiplying the annual tuition fee by the number of years equivalent to the standard duration of study (two years), then dividing the resulting amount by the number of years approved for extended study. If the revision is made to the tuition fee or the changes to the Extension of the Enrollment Duration are approved, the fee will be calculated accordingly. However, the adjustment will not be made to the tuition fee that has already been paid.

**Students who have not received the results of their application for the Extension of Enrollment Duration must not pay the tuition fee before they receive the official notification of the results.**

### 7. Other Information

For more details about the Extension of Enrollment Duration, please contact the Graduate School Educational Affairs Section, Science and Life Science Administration Department, Hokkaido University.
